Care & Maintenance

RATTAN CARE

- Rattan storage boxes are so popular due to being low maintenance. With this being said, it is still strongly encouraged that you look after your storage box with the occasional upkeep.
- At the start of the season, we recommend cleaning the rattan with warm, soapy water. Remove the inner liner before you start. You can use a cloth or a soft-bristle brush with gentle pressure. Once you have finished, wash off any residue with clean water from the garden hose.
- Allow the storage box to dry in the sun before putting the inner liner back.
- When moving the storage box, do not drag them across your patio. This can damage the feet as well as your patio. Only pick up the storage box up at the solid frame, not at the flexible rattan areas.

STORAGE BOX CARE

This storage box is not classed as a fully waterproof storage solution for your cushions. We recommend storing cushions in a cool, dry place during poor weather conditions.

Warranty Information

We regret to inform you that warranty claims cannot be accepted without proof of purchase. Warranties are valid from the date of delivery to the original purchaser only. For us to help you, please ensure all warranty terms have been adhered to.

These terms can be found at <https://warranty.novaoutdoorliving.co.uk/>

The warranty applies to residential domestic use within the UK only. It does not cover commercial use, misuse, accidental damage, or normal wear and tear. We reserve the right to repair and/or replace parts rather than a complete item at our discretion.
