Level

- The ground where the Pergola is built should be solid but with at least a 1-2° decline to allow the rainwater to drain away.
- If the Pergola is built on completely flat surface, the rainwater will not drain away and the Pergola will start leaking.

Uneven

Sloped

- The Pergola should not be assembled directly under trees and powerlines.
- Keep children and pets away from the assembly area until the work is completed.
- Do not assemble the Pergola in windy or wet conditions.

Assembly Instructions

Warning

In snow season or in case of snow forecast open up your shutters in vertical position to avoid any damaging on your pergola.

The Recommended Louvre Position

The louvres and gearbox location can be placed in your preferred position. However, for optimum use, the louvres should follow the sun. Please use the guide below to position the Pergola in the recommended position according to The sun's rise and set.

Top Tip

Keep the gearbox location as northerly as possible

STEP 23

Please install the pergola on flat and firm ground.

To avoid any possible issues when installing other accessories in the future, please tighten all expansion bolts after making sure horizontal and vertical dimensions are correct.

A 12mm diameter SDS-plus hammer drill bit is included in the package. You may have to use your own drill bit if it does not fit your drill.

Care & Maintenance

- Debris can be built up inside the gutters of the Pergola, therefore it is important to clean the gutters regularly as this will allow rainwater to flow through the Pergola.
- Never place any objects on top of the Louvres.
- During snowfall and heavy winds, open the Louvres into the vertical position to prevent damage.
- Do not operate the roof mechanism during frosty and icy conditions.
- To clean, simply use a soft cloth that is damp with warm soapy water and wipe down. This material can be left outside all year round.
- Regularly check that the Pergola is firmly fixed to the ground.
- Regularly check that all fixings are secured within the Pergola.

Warranty Information

We regret to inform you that warranty claims cannot be accepted without proof of purchase. Warranties are valid from the date of delivery to the original purchaser only. For us to help you, please ensure all warranty terms have been adhered to.

These terms can be found at <https://warranty.novaoutdoorliving.co.uk/>

The warranty applies to residential domestic use within the UK only. It does not cover commercial use, misuse, accidental damage, or normal wear and tear. We reserve the right to repair and/or replace parts rather than a complete item at our discretion.
