DRILLING GUIDE

When securing the louvre side wall to the ground you will need to determine the material of the ground. Once the material has been identified see below for further information.

CERAMIC

Securing the louvre side walls into ceramic you will need a ceramic (carbide-tipped) masonry drill bit. Apply pressure to the drill however ensure you do not apply too much pressure as this can crack the ceramic tile. Use the expansion plug for reference for the parameters of the hole.

HARD MATERIALS - PORCELAIN AND NATURAL STONE

Securing the louvre side walls into hard materials you will need a stone (diamond-tipped) drill bit. Apply pressure to the drill however ensure you do not apply too much pressure as this can crack the porcelain. Use the expansion plug for reference for the parameters of the hole.

WOOD

Securing the louvre side walls into decking/wood you will need a standard wood drill bit. Pre drill a hole smaller than the diameter of the screw thread. Secure using a regular wood screw.

CONCRETE

Securing the louvre side walls into concrete you will need a masonry drill bit. You will need to pre drill a hole the width of the expansion plug and 50mm deep. A Hammer drill is required.

CARE & MAINTENANCE

Our range of Aluminium Furniture is designed for continual outdoor use. The aluminium frame ensures that you can leave it outside all year round.

ALUMINIUM CARE

The aluminium framework is incredibly low maintenance and is resistant to UV rays, salt water, frost and snow and requires only basic care to keep it clean.

To clean, simply use a soft cloth that is damp with warm soapy water and wipe down. This material can be left outside all year round.

WARRANTY INFORMATION

WARRANTY INFORMATION

We regret to inform you that warranty claims cannot be accepted without proof of purchase. Warranties are valid from the date of delivery to the original purchaser only. For us to help you, please ensure all warranty terms have been adhered to.

These terms can be found at <https://warranty.novaoutdoorliving.co.uk/>

The warranty applies to residential domestic use within the UK only. It does not cover commercial use, misuse, accidental damage or normal wear and tear. We reserve the right to repair and/or replace parts rather than a complete item at our discretion.
