

3.0M Glass Sliding Doors

SKU: NV029-100-AC-3.0-GSD

2026 v1.0

Assembly Instructions

IMPORTANT NOTICE

This booklet contains useful information about warranty & care instructions. Please keep for future reference.

IMPORTANT SAFETY NOTICE!

Please Read:

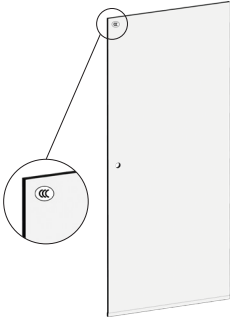

To avoid any injury to yourself or others, and/or damage to the glass sliding door system please make yourself aware of the below safety notices.

- Keep hands clear of door edges and sliding tracks to avoid pinching or crushing injuries.
- Do not apply excessive force when opening or closing the doors.
- In strong winds, slide all doors fully to one side so they're stacked together and not left partly open across the track.
- In severe weather conditions, remove the doors and store them securely to prevent accidents or damage.

Safety Advice

Before you start:

- Ensure that you read this manual before starting to assemble.
- Please use the tools suggested above.
- Check that you have all parts from the parts list. Do not throw away any packaging until you are confident that you have all parts.
- Assemble this product on a soft/flat surface.
- Keep any plastic bags, tools, and fittings away from children and pets.
- After prolonged use we recommend you check all the fittings are tightened securely.
- Please do not modify this product, use other tools, or substitute parts to build your item(s), as this will void your warranty.
- Please only use this product for its intended purpose within residential environment. Failure to do so will void your warranty.
- Nova Outdoor Living holds no responsibility for any damages caused due to normal wear and tear, incorrect assembly, misuse and/or negligence.
- We reserve the right to make changes for product improvements.
- Please recycle packaging where possible.
- Do not leave tools unattended during the assembly process.

- 3 Hammer
- 4 Safety Hat
- 5 Spirit Level

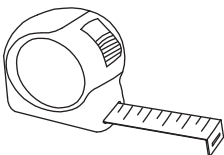

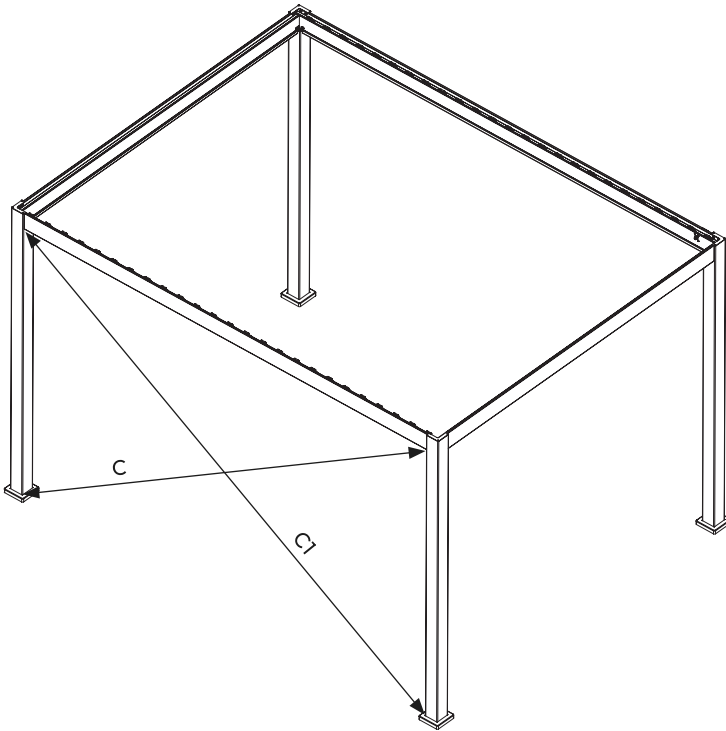

Item Required

- 6 Measuring Tape
- 7 8x110mm round shank four-flute drill bit
- 8 65mm Phillips screwdriver bit

3.0M Glass Sliding Doors Installation

STEP 1

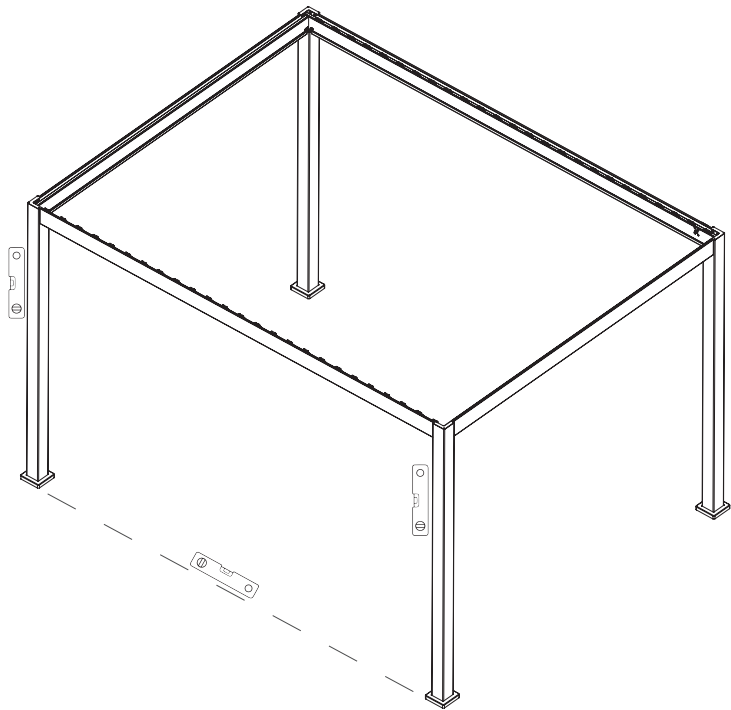

Refer to the diagram below and measure your pergola accordingly. Ensure that dimensions C and C1 are equal in length to maintain proper alignment.

3.0M Glass Sliding Doors Installation

STEP 2

Check that all corner pillars are straight and level using a leveler. If corner pillars or beams are still not level, this means that your main building surface is not sufficiently level, and that you will need to raise the corner pillars that are positioned lower than the others. (Contact qualified professional if needed).

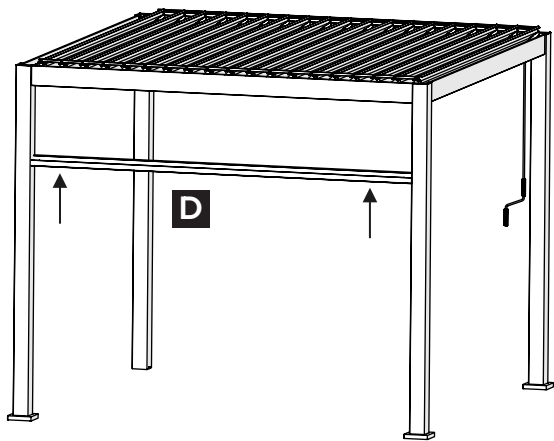

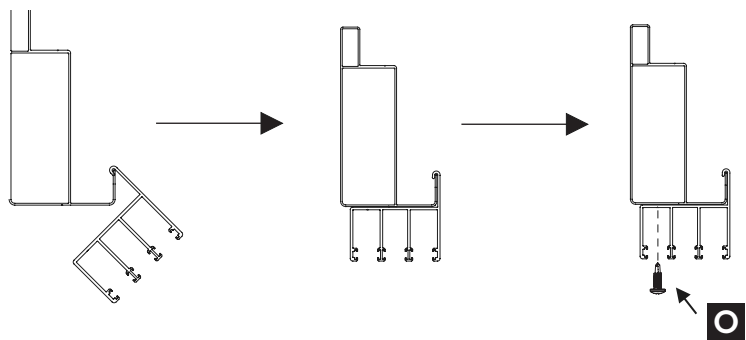

Warning: If you do not adjust the main structure at this point, you may encounter problems when fitting this accessory to the frame.
